

COVID-19 PHASE 1

ACTIONS WE'RE TAKING TO KEEP YOU SAFE

SYMPTOMATIC EMPLOYEES STAY HOME

Employees with any COVID-19 symptoms are told to stay home. If symptoms are observed at work, they will be sent home.

STAFF WEAR FACE COVERINGS & GLOVES AT WORK

Just like our customers, our employees wear face coverings - Buffs or masks - and gloves while at work to help prevent spread of the virus from those who may be asymptomatic.

SOCIAL DISTANCING ON THE JOB

Staff, too, are social distancing. Both phones and registers are assigned to specific staff and our common areas are off-limits for the time being.

KEEPING IT CLEAN

We're working hard to keep the shop sanitized to protect our staff and customers. Countertops, door knobs, light switches, displays, bathrooms - we're actively cleaning throughout each day.

VIRTUAL & SOCIAL DISTANCED CLASSES

To keep you engaged and learning new skills while being safe, we offer virtual classes and spread out with fewer attendees for in-person instruction.

**THANK YOU FOR YOUR HELP AND UNDERSTANDING AS WE
DO OUR PART TO KEEP OUR STAFF, CUSTOMERS, AND
COMMUNITY SAFE!**
